# CUSTOM TRAINING

## OETAS Custom Training

OETAS can provide training for your program, your county health department, or to a network of several organizations or jurisdictions. We will come to your facility to provide the same quality training with the same superior faculty that you have come to expect from OETAS.

You choose the course that best meets your needs. Our three day courses are 21 hours with 21 CEUs awarded. We also offer two day courses (14 hours and 14 CEUs) and one day workshops (7 hours and 7 CEUs).

With OETAS custom trainings, you provide the venue and the students and OETAS provides all the rest. We provide an instructor, the class materials, and the certificates. We can assist you in planning, every step of the way.
